1. Overview

PROGSUPP is a recipe management app designed to help you organize and manage your favourite recipes. It allows you to add, edit, and delete recipes, manage ingredients and steps, and easily search for recipes.

2. Getting Started

2.1 Installation

PROGSUPP can be installed on your Windows computer. Simply download the installation file from the official website and follow the on-screen instructions to install the app.

2.2 Launching the App

After installation, launch the app by double-clicking on the PROGSUPP icon on your desktop. The main window will appear with a user-friendly interface.

Searching and Filtering

5.1 Searching by Recipe Name

1. Use the search bar to type the recipe name.
2. The list will dynamically update based on your input.

5.2 Filtering by Category

1. Use the Category Filter dropdown to select a category.
2. The list will display recipes only from the selected category.

Search by Recipe Name

Category filter:

TROUBLESHOOTING

Error Messages: Refer to the error messages displayed. If needed, contact support for assistance.

FAQ

Q: Can I add multiple categories to a recipe?

A: No, each recipe can belong to one category. For multiple categories, create separate recipes.
